

Chicago Companion Animal and Consumer Protection Ordinance Enforcement:

Retailers are required to stop selling dogs, cats and rabbits

Enforcement day is here for the Companion Animal and Consumer Protection Ordinance. The ordinance we worked on for two years and fought so hard to get passed by the Chicago City Council is taking effect immediately. City of Chicago stores are NOT allowed to be selling dogs, cats or rabbits any longer! If you frequent any of the stores below and see them selling, you should call 311 and report them! Likewise, if you see ANY OTHER STORES in Chicago not on this list, selling dogs, cats or rabbits please call 311 and report them as well. You can also CALL the stores below as well and ask if they have dogs, cats and/rabbits for sale and if they do, report them to 311 as well.

When you call 311, please get the CSR number for your report, which is the number associated with your complaint, and email us that number and the details so we can track our progress! You can call 311 anonymously if you want to. Send your emails to info@thepupmymillproject.org
